

# Reliable Coagulation Diagnostics made easy

## New Products

- Emicizumab Calibrator  $\text{CE}$
- Emicizumab High & Low Controls  $\text{CE}$

◆ RUO in US

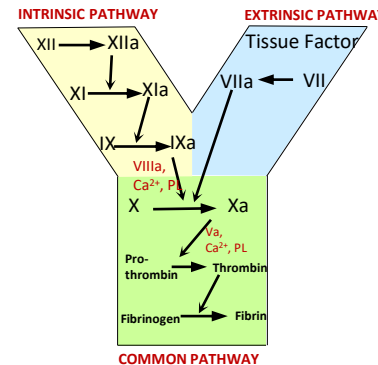

## Immunodepleted plasmas

- Factor VIII Depleted Plasma
- Factor IX Depleted Plasma
- *Other Factor Depleted plasmas*

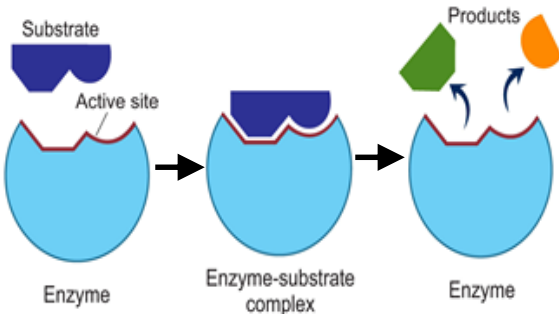

## Controls

- Normal Control Plasma
- Mildly Abnormal Control Plasma
- Highly Abnormal Control Plasma
- LA Positive Control Plasma
- Assayed Reference Plasma – Normal
- Assayed Reference Plasma – Abnormal
- Fibrinogen Reference Plasma

## Common Clotting Assays

- Liquid PT reagent (ISI <1.3)
- Liquid APTT test kit
- Kaolin Clotting Time

## Assay Kits

- Fibrinogen Assay
- Thrombin Time
- Protein S assay
- *Chromogenic Assays*

## Lupus Anticoagulant Assays

- LA Screening
- LA Confirmation
- *Batroxobin (Reptilase Time)*

## Custom Product Development

- Reagent formulations
- Manufacturing & packaging
- OEM production
