

RainFocus Lead Retrieval

AHIMA Nat'l Conference | Oct 4-6, 2026 | San Antonio

Collect Actionable Leads and Power Sales Pipeline

Collect more personalized lead data with the powerful RainFocus Lead Retrieval app. Get instant access to lead data and actionable insights through the Leads Portal. You can view, report, and act on leads to populate customer profiles.

Features	
• Custom questions for attendees • Instant collateral sharing • Device naming for greater tracking • Supported on Android or IOS - BYOD and handheld	• Instant reporting and dashboards • Hot leads identification • Easy updates to contact details

Lead Scanning

Lead scanning enables easy collection of data on potential customers. With a quick badge scan in the lead retrieval app, you can capture leads' names, emails, phone numbers, job titles, companies, and answers to your own custom questions.

RainFocus Lead Retrieval App

RainFocus physical lead devices have the RainFocus Lead Retrieval app already installed for the event location. The physical devices are optimized for long battery life and are ready to use out of the box. Custom settings like questions can be set up from the Leads Portal for BYOD or from the device itself. The app's intuitive interface allows you to give each device a name and purpose for better tracking and analysis, set up custom questions, and take notes for follow-up.

Leads Portal

Before arriving on-site, you can log in to the Leads Portal to set up and manage your lead scanners. Then you can log in at any time during or after the event to access and assess your leads. All data is

updated in real time and can be tracked via reports and dashboards. You can view lead data using our quick-view visual dashboard or one lead at a time; search, sort, edit, and export lead data as needed.

Pricing

AHIMA National Conference | Oct 4-6, 2026 | San Antonio

RainFocus offers two Lead Retrieval options for AHIMA exhibitors:

BYOD (Bring Your Own Device) Available for purchase September 29, 2026 through the event dates.

- Exhibitors may purchase Lead Retrieval licenses for use on their own smartphones or tablets.
- BYOD licenses become available for purchase 5 days prior to the event (September 29, 2026) and remain available throughout the event.

Physical Lead Retrieval Devices Available for pre-order now through September 29, 2026.

- Exhibitors may pre-purchase physical Lead Retrieval devices using the link below.
- Devices can be picked up onsite at the RainFocus Lead Retrieval Desk.

Exhibitors may choose the option that best fits their needs. Pricing is as follows:

Timeline	Price
Now - Aug 23, 2026	\$395 per seat (Physical Device Only)
Aug 24, 2026 - Oct 3, 2026	\$495 per seat (Physical Device; BYOD available beginning September 29)
At the event - October 4-6, 2026	\$595 per seat (BYOD only)

How to Order

To purchase Physical Devices and BYOD lead retrieval prior to the event, please visit:
