MESSAGE FROM THE PRESIDENT

WELCOME TO THE 64TH ASTRO ANNUAL MEETING

Greetings and warm wishes to all as the COVID-19 pandemic continues to evolve. While it's been a difficult time, we've adapted and are experiencing a return to what we can only call the 'new normal.' Your support has been uplifting during these challenging times.

All of us at ASTRO are looking forward to another memorable Annual Meeting in 2022 in San Antonio, Texas. The theme is Artificial Intelligence and Emotional Intelligence: Caring for the Patient in a Wireless World. We are excited to explore the newest technology applications that expand our specialty and improve patient care. While we will highlight the potential of AI, Big Data, and scientific advances, we'll also be showcasing the central role of human interaction in caring for, comforting, and curing our patients. We know that cancer waits for no one. Your participation in ASTRO 2022 is critical to providing cancer patients and their caregivers with the most up-to-date technology and resources.

Once again, we are planning an in-person conference with a virtual component to fit the needs of our members and the radiation oncology community. We'll provide exhibitor updates regularly to keep you informed. I encourage you to join us as an exhibitor for the 2022 ASTRO Annual Meeting, the premier event for radiation oncology. Thank you for your consideration and for all you do to strengthen the field of radiation oncology. Your support is invaluable to ASTRO and cancer patients.

Geraldine Jacobson, MD, FASTRO, 2021-2022 ASTRO President

ABOUT ASTRO
