EXHIBITOR PROSPECTUS

MAY 3-7, 2025 | HONOLULU, HI | [IMMUNOLOGY2025.AAI.ORG](https://immunology2025.aai.org)

The Largest Annual All-Immunology Meeting Worldwide!

The American Association of Immunologists (AAI) is excited to invite you to join us in Honolulu, HI, for **IMMUNOLOGY2025™** being held May 3-7 at the Hawaii Convention Center! AAI hosts the world's largest annual all-immunology meeting, bringing together scientists from more than 40 countries who are at all career stages—from international leaders to the next generation of scientists. Over 3,500 scientists are expected to attend **IMMUNOLOGY2025™** to hear about cutting-edge science and learn of innovations and products that can benefit their research programs.

WHY EXHIBIT?

IMMUNOLOGY2025™ offers exhibitors and sponsors the unique opportunity to engage with an audience of scientists and professionals who are shaping the exciting field of immunology. The passion of these attendees is evident in the exhibit hall daily, especially during two (2) unopposed poster viewing sessions. The energy and excitement are tangible as exhibitors and attendees connect face to face. Exhibitors have many opportunities to promote their products and services and can enhance their presence by supporting IMMUNOLOGY2025™ through various sponsorship opportunities.

Connect with the global community of immunologists at IMMUNOLOGY2025™ and:

- Obtain new insights and feedback from world-renowned scientists and early career researchers alike.
- Showcase new products and services to an audience seeking innovations in immunology.
- Access key decision-makers involved in purchasing decisions.
- Establish your brand and increase your market penetration.
- Make the most of lead generation, sponsorship and advertising to attendees.

WHO EXHIBITS?

Industry Suppliers Like You!

Attendees visit the exhibit hall to gain insight on products or services that are essential or supportive to researchers in the field of immunology, or which have innovations that will improve or accelerate laboratory results.

Products of Interest to Attendees

- Antibodies and diagnostics
- Balances, spectrophotometers, high-throughput robotics equipment
- Cell and tissue culture reagents
- Cell separation and cell counter products
- Centrifuges
- Chemicals
- Cytokines, chemokines, and growth factors
- Data analysis systems and software
- Electrophoresis equipment and reagents
- ELISA kits and plate readers
- Flow cytometers and cell sorters
- General lab supplies and equipment
- Genomics and proteomics equipment, reagents, and software
- Histology and immunohistochemistry supplies
- HPLC equipment and reagents
- Incubators
- *In vivo* cell and animal imaging equipment
- Irradiators, animal and cell

- Laboratory animals and equipment, including specialty diets
- Laboratory support services
- Laminar flow hoods
- Microarray equipment, reagents, and software
- Microscopes (confocal, electron, TIRF) and related reagents/software
- Molecular biology and PCR reagents
- Oligonucleotide/peptide/protein production services
- Pipettes, pipetting devices, test tubes, plates, and other consumables
- Scientific journals, subscriptions, and books
- Scintillation counters, gamma counters, radioisotopes
- Software
- Transfection kits and reagents
- And more...

Don't see your product or service listed? Sign up now as an exhibitor for the opportunity to have your product represented!

Who Attends?

At IMMUNOLOGY2025™ you'll meet **the most influential decision-makers in the field of immunology – current and future!** AAI expects **IMMUNOLOGY2025™** to attract 3,500 immunologists from among AAI members and their colleagues. Build on existing relationships and make new ones with industry professionals that matter to your business.

- University faculty/principal investigators
- Graduate students
- Postdoctoral fellows
- Laboratory managers
- Corporate scientists
- Government scientists
- Scientists from independent research institutions
- Scientists representing up to 20 national and international guest societies
- Immunologists from around the world

About AAI

MISSION STATEMENT

The [American Association of Immunologists](#) (AAI) is one of the world's largest organizations of immunologists and scientists in related disciplines. Our mission is to improve global health and well-being by advancing immunology and elevating public understanding about the immune system. AAI members are responsible for some of the most significant biomedical discoveries of the past century, including the development of life-saving cancer immunotherapies, antibody therapies, transplant technologies, and vaccines. We support scientists across the field of immunology through knowledge dissemination, community building, advocacy, and public outreach.

Scientific Program at IMMUNOLOGY2025™

IMMUNOLOGY2025™ will feature more than 500 scientists speaking in over 200 sessions, as well as 1,750+ poster presentations in the Exhibit Hall. Presenters will share their latest research in areas that include:

- Antigen and Dendritic Cell Processing, Presentation, and Biology
- Basic Autoimmunity
- Cellular Adhesion, Migration, and Inflammation
- Computational and Systems Immunology
- Cytokines and Chemokines and Their Receptors
- Hematopoiesis and Immune System Development
- Immediate Hypersensitivity, Asthma, and Allergic Responses
- Immune Mechanisms of Human Disease
- Immune Response Regulation: Cellular Mechanisms
- Immune Response Regulation: Molecular Mechanisms
- Immunology Education and Communication
- Innate Immune Responses and Host Defense: Cellular Mechanisms
- Innate Immune Responses and Host Defense: Molecular Mechanisms
- Lymphocyte Differentiation and Peripheral Maintenance
- Microbial, Parasitic, and Fungal Immunology
- Mucosal and Regional Immunology
- Neuroimmunology
- Technological Innovations in Immunology
- Therapeutic Approaches to Autoimmunity
- Translational and Interventional Immunology
- Transplantation Immunology
- Tumor Immunology: Cellular Responses and Tumor Microenvironment
- Tumor Immunology: Checkpoints, Prevention, and Treatment
- Vaccines and Immunotherapy
- Veterinary and Comparative Immunology
- Viral Immunology
