

AMERICAN SOCIETY OF CLINICAL ONCOLOGY
KNOWLEDGE CONQUERS CANCER

Pharmaceutical and Device Pipeline Directory

Open to all ASCO members, non-members, and the public, the Pharmaceutical and Device Pipeline and Clinical Trials Directories will be prominently positioned on the ASCO website and accessible by in-person and online attendees at ASCO Meetings. The directories will provide health care professionals access to current information on oncologic pharmaceuticals and devices in development and clinical trials to encourage and stimulate meaningful dialogue. Directories will be accessible July 2022 through June 30, 2023.

\$7,500 per listing

Rates apply to current exhibitors. Purchase three or more and get a 20% discount on all listings. Non-exhibiting companies may participate for a 20% premium fee above listing price.

The directory will serve as a resource giving health care providers current information on oncologic pharmaceuticals and devices in development. This list is searchable by disease state, phase, keyword, and company name. Listings will include compound or device name, indication, and phase with a link to the URL and contact email of your choice. A link to the Clinical Trials Directory will be provided to companies with listings in both directories, connecting the pipeline information to details about associated trials.
